

# ARCHITECTURAL Frames in Anodized Aluminum

Specialty requirements for room identification and control are accomplished with these unique frames. They feature built-in changeable messages, magnetic changeable signs and frames with dividers. Frames are fabricated from continuous anodized aluminum extrusion in six standard colors: polished silver, polished yellow gold, polished rose gold, satin silver, matta black and medium bronze.

Magnetic blocked plates are easily changed.

Changeable message signs have a plate that slides from left to right uncovering changing message.
